PawCare

03/25/2025

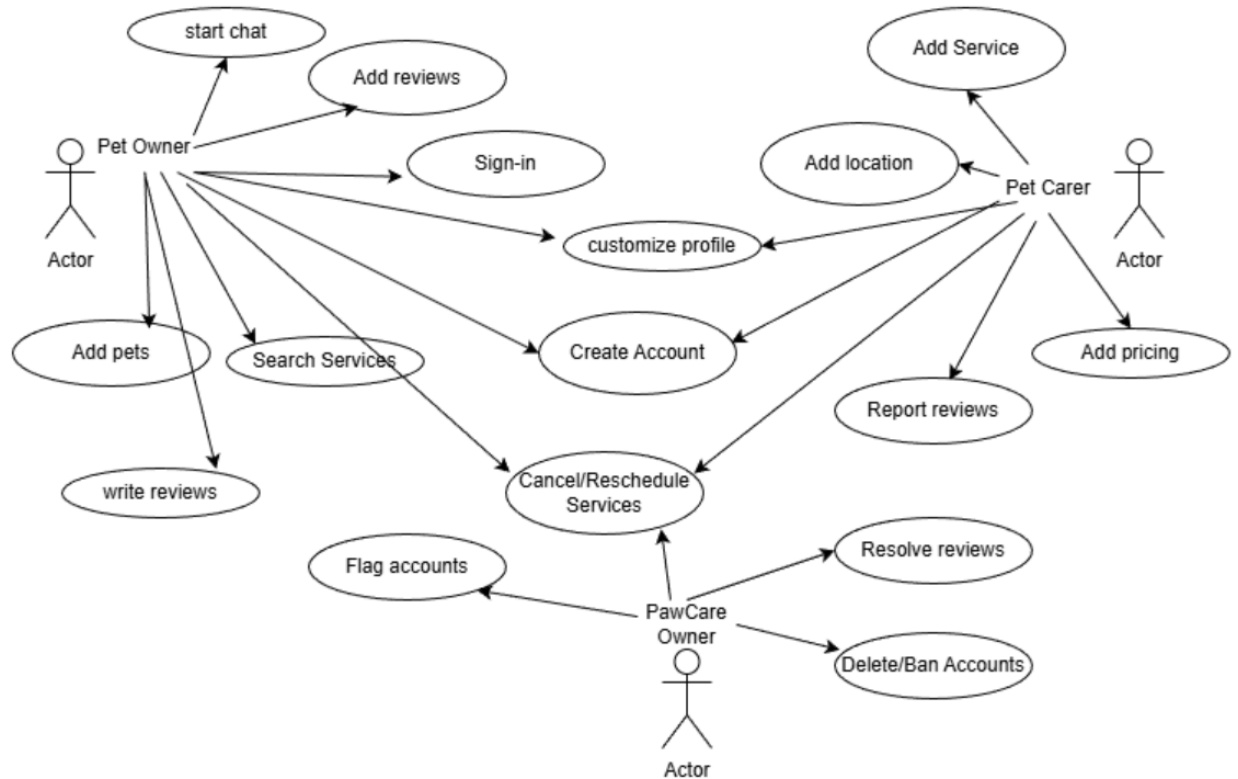

Version 1

Libby Zou, Yasmine Chiboub, Sajid Shajahan

## 1. Project Overview

The goal of the PawCare is to provide accessible, easy, and simple tool that allows user to look for pet care all in one place. Customers can create an account with their pet information and they are able to scroll through lists of services and pick the one the wish to buy, and providers may offer a wide range of services such as grooming, vet, pet-sitting and more.

## 2. Use-Case Model

### 3. Database Schema
